

EmPower consultants attend Davis Wright Tremaine's 30th Annual Employment law update

Diana Paoletti, Senior Consultant, and Craig Meunier, Consultant, attended Davis Wright Tremaine's 30th annual Employment Law Update on October 6, 2011, in Seattle, WA. Updates included new regulations from the National Labor Relations Board, ADA Amendments Act, state updates on Domestic Partnerships, Fair Labor Standards Act, and updates from court cases that affect employment law.

Though many of these laws have not changed in text, the organizations responsible for enforcing these laws have released clarifications and new regulations about how employers should comply with these laws. For more information on how these changes may impact your company, contact EmPower at 206-768-2769.
